# What's in the box

Headset

Car vent clip\*

Vehicle power charger\*

2-in-1 combo cable\*

Micro USB cable\*

Optional earloop

**NOTE** \*Accessories may vary by product.

# Headset overview

-  Call button
-  Charge port
-  Headset LED (indicator light)
-  Power button
-  Volume up
-  Volume down
-  Track back
-  Track forward
-  Play/pause
-  Mute
-

# Pair

**Get paired**      The first time you power on your headset, the pairing process begins.

- 1 Slide the power switch on. You hear "pairing" and the indicator  light flashes red and blue.

- 2 Activate Bluetooth<sup>®</sup> on your phone and set it to search for new devices.
  - **iPhone** Settings > Bluetooth > On\*
  - **Android** Settings > Bluetooth: On > Scan for devices\* **NOTE** \*Menus may vary by device.
- 3 Select "PLT E100 Series."

If necessary, enter four zeros (0000) for the passcode or accept the connection.

Once successfully paired, you hear "pairing successful" and the indicator  light stops flashing.

**Pair mode**      While wearing your headset, power it on. Press and hold the Call  button until you hear "pairing." You can pair up to 2 devices to your headset.

# Basics

Answer or end a call	Tap the Call ☎ button.
Adjust the volume	Tap the Volume up 🔊 or Volume down 🔊 button.
Mute	During a conversation, press both the Volume up 🔊 and Volume down 🔊 buttons for 2 seconds until you hear “mute on” or “mute off.”
Redial	Double-tap the Call ☎ button to call the last number you dialed.
Voice control	<b>Siri, Google Now™, Cortana</b> Press the Call ☎ button for 2 seconds and wait for the phone prompt to activate voice dialing, search, and other smartphone voice controls.
Select language	Press and hold the Volume up 🔊 and down 🔊 buttons together until you hear “welcome.” Follow the voice-guided prompts to select the headset language.* <b>NOTE</b> *Language selection not available in Europe, Russia and Africa.
Pair mode	While wearing your headset, power it on. Press and hold the Call ☎ button until you hear “pairing.” You can pair up to 2 devices to your headset.

# Charge and fit

**Charge** It takes 2 hours to fully charge the headset; the indicator  light turns off once charging is complete.

**Adjust the fit** The universal-fit eartip has a thin loop that bends to gently tuck into the contours of either ear. To adjust the fit, you can rotate the eartip on the headset or add the optional clip-on earloop.

# Headset Features

**Music and more** Listen to your music, podcasts, navigation and other streaming audio on your headset.

**Play or pause audio**

Press both Volume buttons at the same time.

**Skip to next track**

Press the Volume up  button for 2 seconds.

**Play previous track**

Press the Volume down  button for 2 seconds to restart current track. Press the button twice (each button press 2 seconds) to go to previous track.

**Decipher the lights**

Your headset has an indicator light  that flashes in response to a change in status or after a button press.

Some examples of what you will see are:

- Solid red until charging complete and then solid blue
- Flashing red and blue during pairing
- Double red flash when battery low
- Double blue flash at incoming call

**Voice prompts**

Your headset tells you about status changes. For example: “Power on”

“Pairing successful”

“Phone 1 connected”

“Talk time (x) hours”

“Mute on” “Answering

call” “Recharge

headset”

**DeepSleep mode**

If you leave your headset powered on but out of range of your paired phone for more than 120 minutes, your headset will conserve its battery power by entering into a DeepSleep<sup>®</sup> mode.

Once back in range with your phone, press any button to exit DeepSleep mode. If your phone is also ringing, tap the Call  button again to answer your call.

**Install the app**

Get the most from your headset by installing our free mobile app, Plantronics Hub for iOS/ Android. Explore all of your headset’s features, view instructions, and contact Plantronics support easily from your smartphone.
