What's in the Box

Headset

AC charger

Earloop

Eartips

Headset Overview

-  Power button
-  Call button
-  Charge port
-  Headset LED (indicator light)
-  Volume/Mute button
-

Pairing

Pair First Time The first time you power on your headset, it begins the pairing process.

- 1 Put the headset on and turn it on.

- **iPhone and Android™ Smartphones** Follow the voice-guided pairing instructions.
- **Other phones** Use your phone's menu to:
 - 2 While the headset LEDs are flashing red and white, activate Bluetooth® on your phone and set it to search for new devices.
 - 3 Select "PLT_M165."
 - 4 If your phone asks, enter four zeros (0000) for the passcode or accept the connection. The indicator light  stops flashing red and white once successfully paired.

Pair Another Phone Multipoint technology lets you pair a second phone and answer calls from either phone.

- 1 Power on your headset.
- 2 Press and hold the Call button  until the indicator light  flashes red and white or you hear "pairing."
- 3 While the indicator light  flashes red and white, activate Bluetooth on your phone and set it to search for new devices.
- 4 Select "PLT_M165."
- 5 If your phone asks, enter four zeros (0000) for the passcode or accept the connection. The indicator light  stops flashing red and white once successfully paired.

Charge

Your new headset has enough power to pair and make a few calls. It takes two hours to fully charge the headset; the indicator light turns off once charging is complete.

Fit

Adjust the Fit The universal-fit eartip has a thin loop that bends to gently tuck into the contours of either ear.

- 1 Rotate the eartip on the headset or add the optional clip-on earloop to adjust the fit.

- 2 Replace the gel eartip with one of the two alternate sizes, if it feels loose or tight in your ear.

The Basics

Make/Take/End Calls

Answer a call

Choose:

- Tap the Call button ☎

Answer a second call

First, tap the Call button ☎ to end current call, then tap the Call button ☎ again to answer new call.

End a call

Tap the Call button ☎ to end current call.

Reject a call

Choose:

- Say “ignore” after call is announced, or
- Press Call button ☎ for 2 seconds

Call back last call

To dial your last number you dialed, double-tap the Call button ☎.

Voice dial (phone feature)

Press the Call button ☎ for 2 seconds, wait for phone prompt and then tell the phone to dial the name of a stored contact.

Mute

You can mute the microphone during a conversation.

During a call, tap the Volume/Mute 🔊/🔇 until you hear “mute on” or “mute off.” While the microphone is muted, an alert repeats every 15 minutes.

Adjust the Volume

Tap the Volume/Mute 🔊/🔇 button to cycle through preset levels.

Stream Audio

Streaming audio is controlled using your phone, but when a call rings, the audio automatically pauses to allow you to answer or ignore the call. Once the call is ignored or ends, the streaming audio is resumed.

More Features

Save Power

If you leave your headset powered on but out of range of your paired phone for more than 90 minutes, your headset will conserve its battery power by entering into a DeepSleep™ mode. Once back in range with your phone, tap the Call button  to exit DeepSleep mode. If your phone is also ringing, tap the Call button  again to answer your call.

Decipher the Lights

Your headset has an indicator light  that flashes in response to a change in status or after a button press.

Some examples of what you will see are:

- Solid red until charging complete and then off
- Flashing red and white during pairing
- Triple red flash when less than 10 minutes of talk time
- Triple white flash at incoming call

Hear it Whisper

Your headset tells you about status changes in English. For example: “Power on”

“Pairing successful”

“Talk time (x) hours”

“Mute on”

“Lost connection”

“Recharge headset”

Disable Voice Commands

This headset only speaks and understands English. If you prefer to use the Call button to answer or reject calls, you can disable the voice commands “answer” or “ignore.”

With the headset powered on, simultaneously press the Call  and Volume  buttons until you see the indicator light flash white two times. Repeat these steps to reactivate the commands.

Technical Specifications

Talk time	Up to 7 hours*
Standby time	Up to 11 days*
